REPORT OF LIBRARY TRUSTEES.

As representatives of your board of library trustees, we beg to call your attention to the following statistics:—

As we did not receive any money in excess of the amount required by law, the trustees have been unable to purchase new books during the past year.

A good many volumes need replacing and rebinding, so we trust the townspeople will be liberal in their appropriation of money for library purposes during 1916.

While we feel that solid reading matter is an important factor in the development of best thought and education, still the call seems to be for the works of fiction, therefore your board has in the past aimed to respond to the demand. The past year shows a marked decrease in the number of volumes taken out.

Number of volumes loaned in 1914,	3,114
Number of volumes loaned in 1915,	2,868
Loss in number of volumes loaned,	246

They are sub-divided as follows:

Fiction,	2,381
Juvenile,	429
Travel,	21
History,	16
Miscellaneous,	12
Biography,	7

Nature,	1
Religion,	1
Total number of volumes loaned,	2,868
Largest number loaned in one month to one person,	8
Largest number loaned in one year to one person,	60

BOOKS DONATED.

Marlow, N. H., Feb. 15, 1916.

REPORT OF SCHOOL BOARD.

For the Year Ending February 15, 1916.

To the Citizens of Marlow, N. H.:

We again submit our annual report for the inspection and consideration of all who are interested in school affairs.

There has been more or less talk in the past in regard to grading our schools, making them more modern and in keeping with the better schools throughout the state so that we can fit our scholars better for high school. Last spring your school board hired two teachers, of whom one was a normal school graduate holding a state certificate, who graded our schools with a formula published and adopted by the state; this book tells the teacher how to grade the school and how far advanced each grade must be; also recommends what books to use to prepare our pupils quicker and better for high school.

We have maintained thirty-three weeks of school so far in No. 4 and the schools will run two more weeks, making more weeks of schooling than we have ever received before in one year. This is partly due to our receiving from the state: Aid for average attendance, \$64.00; aid for qualified teachers, \$24.00; also a tuition rebate of \$70.64 for which to help pay high school tuition bills. The school district of Marlow is required by law to raise for schools this year \$457.50, and in order to obtain state aid the district must raise by taxation a total of \$1,018.51. This year we closed our accounts while the winter term was in session. There will be two more weeks of

school to settle for, which will amount to something like \$44.00; also a winter term tuition fee in Alstead for the Frederick Royce children and a supply bill of \$83.93 to meet, but we have in the school treasury \$143.16 and will receive from the state next December \$46.00 as state aid for qualified teachers for last fall and winter terms on account of Miss Cole holding a state certificate. We also have in the treasury \$66.03 for high school tuition.

Under the heading of liabilities as stated we owe W. H. Spalter for text books and supplies \$83.93, for which, after grading our schools, we purchased the same kind of text*books that are used in Keene, N. H. This made our supply account larger than in the past. We did not raise any repair money last year but as our repairs were light we took a portion of the school money but did not exceed the law.

Our grammar school was taught the past three terms by Miss Mabel R. Cole of Walpole, N. H., a normal school graduate with a state certificate and a few years' experience in teaching. Miss Cole graded the schools and did good work during the spring and fall terms. The primary school was taught the past fiscal year by Miss Roxie MacNutt of Walpole, N. H., who came here with very little experience as a teacher but did her best work in the spring and fall terms.

The following is the roll of honor as it appears on the register:

Two terms—Dorothy Faunce, Frank Elliot, Emery Young.

One term—Harriett Brady, Gladys Thompson, Bernice Young, Milton Beard, Raymond Murdough, Carrol Perry, Jessie Howe, Dora Lindsley, Carlton Perry.

The school board presents to the town the following estimate of money required to be raised for the support of schools for the year 1916:

1. School money required by law and such additional sums as the district may vote.

2. Money for high school tuition,	\$50 00
3. Money for text books and supplies,	160 00
4. Money for salaries of district officers,	76 00
